## PT. Metal One Steel Service Indonesia to obtain additional facilities

---

Metal One Corporation (headquartered in Chiyoda-ku, Tokyo; President: Keisuke Kitamura) has announced that it will install new facilities at its business investment affiliate PT. Metal One Steel Service Indonesia (MOSSI), a steel sheet service center in Indonesia.

MOSSI's main operation, supplying steel sheet to car manufacturers, began in 2014. This time MOSSI will expand its existing plant, adding a second blanking line capable of processing 1480 MPa-class ultra-high-tensile sheet.

The new blanking line will enable MOSSI to respond to the expanding demand for steel sheet processing and help the automobile sector grow, thus advancing the entire industry in Indonesia.
